

Acknowledgments

Planning, writing, and publishing this manual was a community effort involving a host of land use professionals from Vermont and beyond. Burnt Rock, Inc., Associates in Community Planning, led by Sharon Murray, AICP, and assisted by Michael Munson, FAICP, wrote a majority of the topic papers. Dodson Associates created the cover image, and poster and topic paper illustrations, with design by Peter Flinker, illustration by Kevin Wilson, and production assistance from Hillary Blanchette.

Other papers were written by Polly McMurtry with Amy Bell, Jon Kaplan, Krista Chadwick, Eleni Churchill, Peter Keating, Gina Campoli, and Scott Bascom on the transportation topics; Curt Carter with Donald Einhorn on brownfields; Ty Mack with Margaret Torrizo on hazards mitigation; and Nancy Boone and Giovanna Peebles on historic preservation. We anticipate similar papers on new topics to be written by other authors in the future and included in the Addendum. Many others were involved in reviewing specific topic papers, providing graphics, resources, and other assistance, which improved the content and appearance of this manual.

An advisory committee assisted with selecting the consultants, conceiving the form and content of this publication and reviewing the topic papers. A special thanks to advisory committee members: Mark Blucher, Rob Halpert, Lee Krohn, Mike Miller, Brian Monaghan, Polly McMurtry, and Will Sawyer.

Peg Elmer and Faith Ingulsrud of the Department of Housing and Community Affairs Planning Division edited and produced the manual on behalf of the Land Use Education and Training Collaborative. Funding was provided by the State of Vermont through the 2004 Act 115 "Chapter 117 Training Fund."

Graphic design concept by Kehoe and Kehoe Design Associates, Inc., with layout by Faith Ingulsrud. Copyediting by Kate Mueller. Printing by Enterprise Printing and Products Corp. on 100-percent recycled/postconsumer, chlorine-free paper.

April, 2007

Vermont Land Use Implementation Manual is a publication of the Vermont Land Use Education and Training Collaborative.

The Collaborative is staffed by the Vermont Department of Housing and Community Affairs (DHCA) and involves the many organizations that deliver education and training to local land use officials. A steering committee comprised of representatives of the UVM Center for Rural Studies, Vermont Association of Planning and Development Agencies, Vermont League of Cities and Towns, Vermont Planners Association, Vermont Secretary of State's Office, and DHCA meets regularly to plan and coordinate Collaborative initiatives.
